

NATIONAL POLITICAL PERFORMANCE PUBLIC SURVEY JANUARY - MARCH 2026

Our Research Team at Pollster Rankings is a leading Organization dedicated to the study and in-depth analysis of Governance, while seeking to present proper and accurate research findings, use proper data collection that will offer proper information without fear or favor. We tasked our team to do a National Political performance survey based on the Public Perception of their leaders.

Our Mission

To recognize and promote the best leaders in politics in Kenya who have made tremendous strides to serve their community and the country.

Our Vision

To be the leader in research findings in the country while providing research that can be trusted and appreciated for its accuracy and can make people make informed decisions.

We always aim to provide Precise, Quality and Trusted data.

Some of the tools we used were as follows:

- In-person Interviews with the Local Community Leaders, Business Owners, Community Based Organizations, Women Groups, Youth Groups, Religious Leaders and Voters.

The methodology used was a mixed-methods approach combining both Quantitative and Qualitative Data Collection and Analysis Methods.

The respondents were a sample that was stratified to ensure that it was a representative of the population nationally, with a mix of Demographics including;

- Age
- Gender
- Occupation
- Urban and Rural Areas
- We did not consider education level as a factor
- Sampling was Random and evenly distributed to ensure that the entire country's opinions and views were fully captured
- The sample size of respondents was 4,800 voters in each of the 47 Counties
- The sampling error was +/- 2.5% with a confidence level of 95%
